**U. S. ON VERGE OF
MOST GIGANTIC
LABOR STRIKE
IN HISTORY**

Count of Rail Workers' Vote
Completed Aug. 7; Solons
Ready For Action

WASHINGTON, Aug. 2.—The executive board of the Big Four Railroad Brotherhoods, who have threatened to strike, today agreed to meet for further conferences. There will be a general conference of committees beginning August 8.

WASHINGTON, Aug. 2.—Three hundred thousand men, employed on 250,000 miles of railroad and earning \$400,000,000 annually. These are the figures involved in the threatened strike of the four railway brotherhoods.

The strike would mean the greatest transportation tie-up in the country's history, with an accompanying prostration of commerce that may send the financial loss to the nation soaring into billions.

Indications are that the employees will vote overwhelmingly to go ahead and strike unless their demands are granted.

If the strike comes a half-dozen resolutions of forced arbitration will instantly be presented to Congress. Many of them have been drafted for weeks and withheld on account of the possibility of trouble being averted. They order on the ground of a public emergency an immediate settlement of the strike by arbitration.

**Ry. Strike Vote Will
Be Complete Aug. 7**

NEW YORK, Aug. 2.—The counting of the strike vote among the 400,000 trainmen which may precipitate the greatest labor war the country ever knew will be completed August 7th, Timothy Shea, in charge of the count, today stated.

Railroads affected by the count have opened a campaign of education of the public through newspaper advertisements, putting forth their side of the controversy.

The strike votes, as all predictions indicate, will authorize the heads of the four great railway brotherhoods to call a general strike if in their opinion a strike is necessary to gain for the freight and yard men their demands for eight hours and time and a half for overtime.

The public service commission has begun a formal inquiry into the pending strike situation. Representative street car companies' employees have been called to the inquiry.

The 10,000 New York, including the coast defense, naval reserve and those who have not gone to the border will be prepared for instant call. At the first hint of a need for them Governor Whitman will send them to New York to augment the police force of 10,000 bluecoats.

**S. F. GOES HUNGRY AS
CHEFS WALK OUT**

SAN FRANCISCO, Aug. 2.—Society today grilled its own steaks and Bohemia went hungry in San Francisco with upwards of 1000 culinary workers on strike. Conditions are distressing, San Francisco having more diners-out than any city in America except New York.

TRAIN KILLS FARMER

TULARE, Cal., Aug. 2.—Joseph Williams, 40, a farmer, today was killed when a Santa Fe train hit his over 10,000 miles, spreading the joyful bury.

**SALT LAKE-S. A. LINE WILL COST
2 MILLIONS, RY. HEAD ANNOUNCES**

LOS ANGELES, Aug. 2.—From the offices of the Salt Lake Route it was today announced by General Manager H. C. Nutt that a \$2,000,000 "feeder" route will be built from Pico, about ten miles east of Los Angeles, on the Riverside main line, to Santa Ana. The line will tap a rich section hitherto untouched by other railways.

Property owners who sold their homes for the Salt Lake right of way—when will they have to move?

This is a question which they are asking themselves since the publication in last night's Register of the positive information that they had sold to the Salt Lake and that the company would probably have its line in operation in this city by the first of the coming year.

It was intimated at the time of the purchase that they would probably be permitted to continue occupation of their homes for at least a year.

Big railroad corporations sometimes change their plans—but when they are ready, they are ready. That appears to be the situation with reference to the extension of the Salt Lake Route to Santa Ana.

J. J. Tavis, local Salt Lake agent, who attended a conference of officials in Los Angeles yesterday to discuss

**HARBOR REPORT
TO SHOW COST
ESTIMATED
\$500,000**

Preliminary Statement Of the
Commission to Be Made
Public Aug. 30

The improvement of Newport Harbor as outlined by Capt. C. D. Leeds will cost \$500,000 at the outside. It may cost a great deal less.

This information was given to the Board of Supervisors this morning at a conference with the County Harbor Commission.

The members of the commission stated that Engineer Leeds has finished his investigations, and while the engineering feature is ready for reporting other reports upon the feasibility and advisability of expending the money for the harbor have not been prepared.

The details of Engineer Leeds' report are to be announced at the next meeting of the Associated Chambers of Commerce by L. H. Wallace of Newport Beach, secretary of the commission. This meeting will be held at Fairview Farms on August 30.

The supervisors this morning agreed that the people should be fully informed as to what the conditions are at Newport Bay as shown in the investigations of the harbor commission. It was then arranged that the report should be made to the public at the Associated Chambers meeting.

While \$500,000 is placed as the outside cost of the proposed improvement, there are many reasons to believe that the plans can be executed for far less than \$500,000. The estimate is based upon ten cents a yard for dredging. Recently a Wilmington contract was let at 6 1/2 cents, and in that some of the sand had to be hauled out to the sea in barges. All of the material from the bottom of the bay can be used close at hand, much of it can be sold to private individuals for the improvement of properties along the edge of the bay.

**TIGHTEN NET ABOUT
VILLA, CAPTURE HIM,
GEN. OBREGON'S PLAN**

MEXICO CITY, Aug. 2.—General Carl Malcotte has arrived for a conference with Minister Obregon to plan a concentration of forces to capture Villa. Gen. Malcotte announced his determination to make a quick job of it and take the bandit general "at all costs."

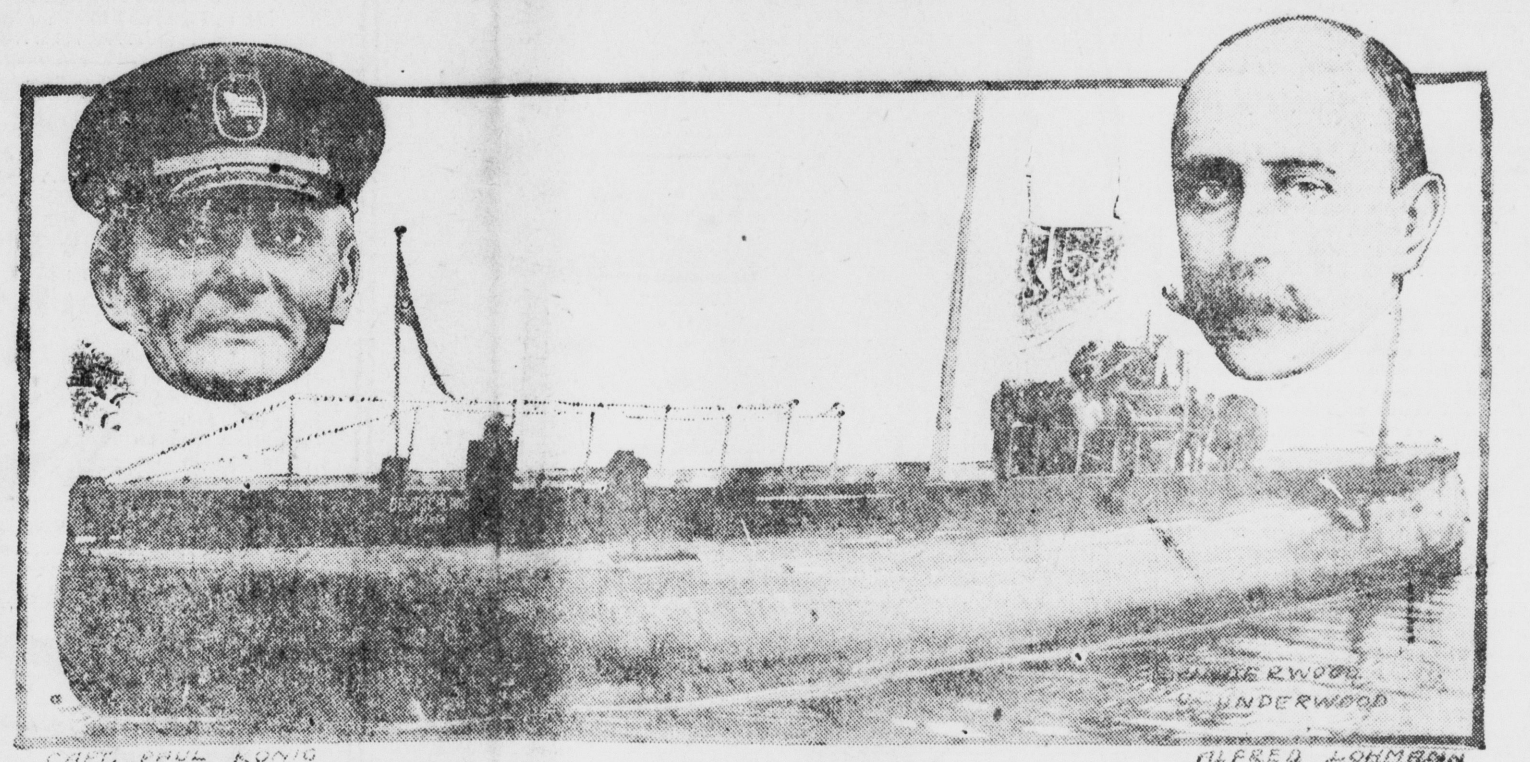

It is stated that a special representative has been sent to give assurances to the Guggenheim exploration company of protection from bandit raids and guaranteeing such facilities as the company may desire to permit the resumption of work in its mines. This will bring conditions in Durango near to normal.

Raid Rumor False
EL PASO, Aug. 2.—There is absolutely no truth in the report that 150 raiders crossed the border and battled United States troops, it was today reported to Gen. Bell.

**BELIEVE HUGHES WILL
BE REAL CAMPAIGNER**

NEW YORK, Aug. 2.—Political leaders today decided that Chas. E. Hughes is going to live up to his reputation as one of the most strenuous campaign-ers in the business. He plans a jaunt over 10,000 miles, spreading the joyful of his views and appealing for votes.

THIS shows the German merchant submarine anchored in Baltimore harbor after her voyage of 4,000 miles from Bremen. Captain Paul Koenig was the happiest man in the United States when newspaper men asked him about his trip. This remarkable feat of the Germans was due to a suggestion of Alfred Lohmann, who presented the idea to the German government some months ago. Below is shown members of the Deutschland crew.

**RUSS GAIN; VAUX
GROUND SEIZED
BY GERMANS**

PETROGRAD, Aug. 2.—The Russian wedge, which is separating the Austrians and Germans has been thrust still farther forward. Kovel rapidly is being enveloped, it was today announced.

BERLIN, Aug. 2.—The repulse of all allied attacks on the Flanders front except on the high ground between Maricourt and Clercy, where a number of completely demolished German trenches were occupied, is recounted in today's official statement.

LONDON, Aug. 2.—The French have won additional ground north and south of the Somme, the official French statement today said.

A German gain after many unsuccessful attacks was admitted at Vaux and in the Champagne zone.

Thirty-three aerial combats are reported. The French forced fourteen of the German fliers to land, badly damaged.

In the Champagne zone west of Aubrives, Russian reconnaissance forces charged and dispersed a German detachment at the point of the bayonet. The British are still grappling hand-to-hand with the Germans at Pozieres but are gaining. Gen. Sir Douglas Haig reported.

**EVIDENCE NET ABOUT
S. F. BOMBERS ENOUGH
TO CONVICT, CLAIM**

SAN FRANCISCO, Aug. 2.—Seven indictments for murder in the first degree today were returned in the bomb case against Warren Billings, Thomas Mooney and his wife, I. Wienberg, Edward Nolan and two John Does.

SAN FRANCISCO, Aug. 2.—Officials announced this morning that they had gathered evidence against the alleged bomb plotters which they believe to be sufficient to convict all held now but Nolan, the case against Nolan not yet being complete.

Indictments against five of the suspects have been asked for at a special grand jury meeting.

RELIEF PLANS FAIL

WASHINGTON, Aug. 2.—Complete failure of the persistent efforts made by the United States to extend aid to the people of Poland now is regarded by officials here as virtually inevitable.

**Santa Anans See Famous
U-Liner At Baltimore**

Mr. and Mrs. Hugh J. Lowe, of 520 West Fifth street, saw the big German merchant submarine Deutschland as she lay at her pier at Baltimore.

Mr. and Mrs. Lowe have returned from a month's trip in the east, he being the Santa Ana delegate to the U. S. Grand Lodge which met at Baltimore.

One of the entertainment features that had been planned for the visiting Elks by the Baltimoreans was a trip by water to Annapolis. The Deutschland having arrived in port, however, it was decided to give the "Hello Bills" and their wives an opportunity to see the submersible instead.

Lowe says that it was impossible for anyone except officials to get nearer than about a half a block to the German undersea craft. No one was allowed on the pier. Unless one was on the upper deck of rather a large vessel

it was practically impossible to glimpse the Deutschland.

When the Lowes saw the Deutschland she was being unloaded. The vessel already had received its coating of green paint.

The Deutschland was heavily guarded. A large vessel lay alongside her and in addition to this a floating barricade of booms had been put in the water for the purpose of keeping inquisitive power launches and other small craft at a distance.

Lowe states that interest in Baltimore was at a high pitch regarding the German trade diver. After visiting Baltimore, the Lowes journeyed to New York, Washington, Montreal and other eastern cities.

"We had a very enjoyable trip," says Lowe. "The weather was fine until we reached Chicago on our return trip, where we encountered the hot wave, and, believe me, it was 'some hoot!'"

**Final Arrangements For
the Gov. Johnson Meeting**

Gov. Johnson will come to Santa Ana tomorrow evening by automobile, direct from Riverside, via Brea canyon. Two or three auto loads of friends will meet the Governor at Anaheim at 4:30 and escort him to Santa Ana, where he will rest at the Rossmore until 6:30.

At that hour (6:30) the Governor will be the guest of honor at a little informal dinner at the Cherry Blossom, corner Fourth and Bush streets. TO WHICH ANY OF HIS FRIENDS, ESPECIALLY LADIES, WHO WISH TO ATTEND ARE CORDIALLY INVITED BY THE COMMITTEE.

BUT THOSE WHO WISH TO ATTEND MUST NOTIFY SECRETARY P. L. TOPEL BEFORE NOON TOMORROW (THURSDAY).

The price will not be over, and

may be under, one dollar (\$1.00) per plate.

The hour set for the beginning of the meeting at the Grand Opera House is 8:15. Dr. C. D. Ball will call the meeting to order, and Rev. J. A. Stevenson, pastor of the First Presbyterian church, will preside. Hon. Clyde Bishop will speak briefly preceding the address by Gov. Johnson.

The foregoing are the final plans for the "Johnson-for-Senator" meeting at the Grand Opera House tomorrow night, as made by the executive committee of the "Johnson-for-Senator" club at a meeting at Dr. Ball's office last night.

W. L. Grubb, Senator Anderson and P. L. Tope were appointed as a committee to look after all details except the dinner, and that is in the competent hands of Mrs. W. L. Grubb and Mrs. W. B. Tedford.

**U-BOAT VENTURE
BRINGS BRITISH
TRADE CRISIS**

BALTIMORE, Aug. 2.—The giant U-boat Deutschland, which made history by cruising from Germany to this port with a \$700,000 cargo of merchandise, is en route back to Germany today with a cargo of badly needed supplies for the Fatherland.

If, as the promoters of the commercial company that built the Deutschland claim, this is only the beginning of undersea commerce between the two countries, the British blockade not only has been permanently pierced, but Great Britain faces a crisis in her commercial export trade, according to what is being said and done in London.

Organize Trade Body

Some time before the Deutschland arrived at this port, the merchants and manufacturers of England were frightened by the seemingly authentic report that Germany had stored up \$1,000,000,000, or nearly two billion dollars' worth of goods ready to dump on the markets of the world after the war. The Britishers organized at once the Association of Trade Protective societies, with 50,000 members and adopted a resolution urging the government to help head off the flood of German goods through the establishment and operation of a Ministry of Commerce.

British Power Threatened

Should the undersea commerce venture of Germany, while the war still is in progress, prove practical on a big scale, England will be powerless to crush the Teutonic commercial competition and will, it is believed, face a serious situation in dealing with her world markets, particularly after the war and somewhat immediately.

**FAVORS BREAK WITH
BRITAIN FOR REFUSAL
TO LIFT YANKEE BAN**

WASHINGTON, Aug. 2.—Representative Gallivan, of Massachusetts, today moved in the house for breaking off diplomatic relations with Britain because it refused on July 25 to admit Thomas Kelly of New York and Joseph Smith of Massachusetts, two American citizens entrusted with funds for the Irish revolution sufferers.

**SIX IN FLIGHT FROM
OREGON CONVICT CAMP**

SALEM, Ore., Aug. 2.—Six convicts today escaped from the state penitentiary five miles from Salem.

**DIVER MAY NOT HALT
AT NORFOLK, REPORT**

No Reason For Big Submersible Not Running Gauntlet Tonight

NORFOLK, Aug. 2.—The super-sub Deutschland either slipped by Hampton Roads and possibly on past the Cape into the open seas or is planning to do so, mariners began to believe when no sign of the vessel showed.

NORFOLK, Va., Aug. 2.—By noon Norfolk and Newport News had gone nearly blind from the strain of looking across the waters outside Hampton Roads in the hope of glimpsing the Deutschland coming in. There were several false alarms but not the slightest glimpse of the submersible.

NORFOLK, Va., Aug. 2.—The Deutschland passed Tangier Island, fifty miles up the bay from Cape Charles at 6 o'clock this morning.

The huge submersible, leaving Baltimore late yesterday afternoon, made good progress during the night, though not showing a speed calculated to distress the press boats following her.

At times she approached a speed of sixteen knots an hour but for the most part she purled along at ten knots with the tug Thomas F. Timmins, her convoy.

Solomon's Island, at the mouth of the Patuxent river, was passed at 2:18 a. m. At this rate it was apparent that the Deutschland would be able to reach the capes at about dark this evening.

There will be no reason for her holding back if it was her purpose to run the allied gauntlet after dark without stopping at Norfolk or Newport News.

**DUTCH STEAMER SUNK
BY TEUTON SUBMARINE**

LONDON, Aug. 2.—The Dutch steamer Zealand was submarined last night, it became known today. The crew was landed. It is asserted that the submarine captain boasted that he had sunk five others.

**LONDON ATTACKED
BY AIRSHIPS JULY 31,
AUG. 1, SAYS BERLIN**

BERLIN, Aug. 2.—German airships attacked the city of London on the nights of July 31 and August 1, it was today officially announced.

WILSON PICKS COMMITTEE

NEW YORK, Aug. 2.—President Wilson has picked his Democratic campaign committee of twelve. National Chairman McCormick brought it from Washington today, but he declined to disclose it.

Among the committee on the Wilson list are Fred B. Lynch of Minnesota, Homer S. Cummings of Connecticut, Thomas J. Walsh of Montana, W. W. Marsh of Iowa, Robert S. Hudspeh of New Jersey, A. Mitchell Palmer of Pennsylvania and Henry Morgenthau of New York.

**SIR ROGER MUST
DIE TOMORROW
IS DECISION**

LONDON, Aug. 2.—Sir Roger Casement will be hanged tomorrow, it was today definitely announced.

LONDON, Aug. 2.—Up to a late hour today the government made no move to postpone the execution of Sir Roger Casement, set for 9 a. m. tomorrow.

WASHINGTON, Aug. 2.—The United States government today made formal application to Britain for clemency for Sir Roger Casement, who is condemned to die tomorrow.

President Wilson instructed the State Department to forward immediately the resolution passed in Congress urging Britain to exercise clemency in the treatment of Irish political prisoners.

MYSTERY MOVE OF SUFFRAGIST BODY WORRIES POLITICIANS

Deep Secrecy Veils Conclave
To Be Held At Atlantic
City Sept. 6

ATLANTIC CITY, N. J., Aug. 2.—Politicians here have got their ears close to the ground in anticipation of the emergency-called convention of the National American Woman Suffrage Association which opens here September 6. This was shown by letters and telegrams pouring in on suffrage leaders here today.

With the leaders of the women's forces determined to follow up the victories gained at the Democratic and Republican National conventions, the action to be taken by the delegates here promises to hold as much interest for the political wisecracks as

PROVE WHAT "AN-URIC"

The New Discovery for Kidneys,
Rheumatism and Backache
Will Do For You.

Send 10 cents with name of this paper, to Dr. Pierce, Invalids' Hotel and Surgical Institute, Buffalo, N. Y., for a large sample package of "An-uric." It will convince any one suffering from kidney, bladder, backache, that it is many times more effective than lithia, and dissolves uric acid in the system as hot water melts sugar; besides being absolutely harmless, it preserves the kidneys in a healthy state by thoroughly cleansing them. It clears the heart valves and checks the degeneration of blood-vessels and regulates blood pressure. "An-uric" is an insurance against sudden death. Send to Doctor Pierce, Buffalo, N. Y., for free booklet on Diseases of Kidneys.

Dr. Pierce's Pleasant Pellets are the original little liver pills first put up nearly 50 years ago. They regulate and invigorate stomach, liver and bowels. Much imitated but never equaled. Sugar-coated and easy to take as candy.

the Maine elections. Air of Mystery
Moreover, this interest is being stimulated by the air of mystery which hovers over the suffrage convention, as comparatively little news has leaked out to date concerning either the program or the plans of the leaders. Nor will the women at the head of the movement relieve the anxiety of the watchful political waiters with any advance information on the subject.

"We have called the convention so that every phase of every subject which concerns our cause, our policies and our organization may properly be considered," said Mrs. Carrie Chapman Catt, president of the National American Woman Suffrage Association, when interviewed here today.

Answers Evasive
"But what action are you going to take?" demanded the interviewer. "That will be for the convention to decide," was the smiling reply. "You may state, however, that no voice will be silenced and no opinion suppressed."

Further than that Mrs. Catt would say nothing. Sixty-seven state suffrage organizations, covering every state in the Union, are affiliated with the national suffrage association and will be represented at the convention, which will extend from September 6th through the 10th. Altogether, more than a thousand of the most representative women of the country will be in attendance.

Three-Sided Debate
Although the official program has not yet been made public, it is known that a three-sided debate between the supporters of state action, federal action and those who believe in both, will be one of the big features of the convention.

In the south the feeling is said to be strong against the national suffrage association abandoning any policy that would lead to a straight fight for a federal suffrage amendment. In other sections of the country, however, notably in those states where amendments to the state constitutions take years of work and are regarded as practically impossible, the sentiment is reported to be equally strong for the abandonment of state campaigns and a concentration of the National's machinery for a drive on Congress.

Factions Represented
Both of these factions will be well represented at the convention, as well as those suffragists who believe in a continuation of the policy of combined federal and state action, which has won twelve states for suffrage and converted millions of voters to believe in it all over the nation.

The clash between these factions will be watched with interest by the politicians, because the outcome may have a decided effect upon the fall campaigns of both the leading parties.

TUSTIN SHIPS ORANGES, 21 CARLOADS IN A WEEK

TUSTIN, Aug. 2.—The orange packing business which has been quite brisk at the Tustin Hill Citrus Association's packing house, is still in full swing. Twenty-one carloads were shipped last week.

The Tustin Lemon Association shipped eleven cars of lemons last week and this week there will probably be four or five carloads.

Still Winning
The Tustin baseball nine played on its own grounds in Santa Ana last Sunday with the Long Beach team, and won the game as usual, the score being 3 to 2 in Tustin's favor.

The Tustin Paper
The new Tustin newspaper has not yet been issued. The work has been delayed, but Mr. Howser says it will be published soon.

Tustin Personals
The friends of Miss Ethel Doherty, formerly a teacher in Tustin, were pleased to have her for a week's visit last week. She was a guest of Miss Louise Long.

Mr. and Mrs. Russell Hardcastle returned Monday from their honeymoon trip. Miss Ethel Burgess, who has been visiting Mr. and Mrs. J. A. Phinney, left Monday for a visit to San Diego, after which she will return to her eastern home, at Grand Junction, Colo.

Mr. and Mrs. A. E. Bennett and daughters, Misses Wilhelmina and Mildred, with Mr. and Mrs. Charles Osborne of Hollywood, are visiting the San Diego exposition this week. Mr. and Mrs. John Poh and Mr. and Mrs. C. A. Nordstrom and daughter, Norma, comprised a camping party spending the week end at Arch Beach. The ocean's cooling breezes were greatly enjoyed.

Mr. and Mrs. W. D. Bowman and Mr. and Mrs. Will Bowman returned Monday from a short visit to Pasadena.

Misses Gertrude and Dorothy Utt and Misses Clara Macomber and Grace Hight returned Saturday from a delightful trip with the Sierra Club. Mr. and Mrs. L. H. Paris left Tustin the early part of the week to reside in Santa Ana.

SHOULD SLOAN'S LINIMENT
Of course it should. For after a strenuous day when your muscles have been exercised to the limit, an application of Sloan's Liniment will take the soreness and stiffness away and get you in fine shape for the morning. You should also use it for a sudden attack of toothache, stiff neck, backache, stings, bites and the many accidents that are incidental to a vacation. We would as soon leave our baggage as go on a vacation or camp without Sloan's Liniment. It writes one vacationist. We use it for everything from cramps to toothache. Put a bottle in your bag, be prepared and have no regrets.

MARGUERITE CLARK, FAMOUS PLAYERS-PARAMOUNT STAR

News From Co. L

NOGALES, Ariz., July 30.—Today being Sunday, the most of us were cleaning up. Some went to church, while others wrote letters to their sweethearts and friends. Just after the noon mess we were visited by a strong shower from the north. While this was on the men received orders that General Bell, commander of this division, would inspect the camp. We were told to get after quarters and shine them up a bit. This was done in short order, but the general did not get around until nearly 4 o'clock.

When he came to Company L, he inspected the kitchen. Chief John Terrooran had everything in fine shape. The general complimented Terrooran on the appearance of his kitchen and Lieutenant Holderman on the appearance of the quarters. The outcome of inspection makes the men feel pretty good. Corporal Worthing, the boss of the Fourth squad, treated the boys to pickles this noon and tonight we were given orange jelly by our boss. This afternoon there were several boxing contests held in the company street. There were several good exhibitions put up. The men are not only training to fight with rifles, but they are also learning the manly art. The baseball fever has struck camp and whenever the boys have any spare time they get in and chase the little round ball around. After mess, each night there is always a bunch out on the parade grounds playing ball.

MONO COUNTY YIELDS FINE MOONSTONES

Very small, but real and brilliant moonstones have been discovered in the sandy soil of the state highway in Mono county. The testing laboratory of the state commission reports that the stones all have the blue fire that has made the moonstone of India noted and which was alluringly described by Wilkie Collins in his mystery story, "The Moonstone." The Mono moonstones have an opalescent fire, which distinguishes them from the moonstones of agate or quartz found on the so-called moonstone beaches of the California coast.

THE GOLDEN SPIKE DRIVE IN UTAH

The new California history adopted for the common schools reverses the older historians by stating that the golden spike driven by Governor Stanford in 1869 to commemorate the completion of the first Pacific Railway, was driven at Promontory, Utah, and not in Nevada. The change was based in part on the newspaper files of 1869, which said that Governor Stanford sent the message announcing the ceremony from Promontory, Utah.

PARLIAMENT CONVENES
PEKING, China, Aug. 2.—Parliament was convened yesterday, attended by 400 delegates, 100 more than a quorum. President Li Yuan Hung, after taking the oath addressed the legislators, urging them to immediately take up non-partisan and reconstructive work. After hearing the president's speech Parliament adjourned indefinitely.

20 DROWN
VALPARAISO, Chile, Aug. 2.—The British steamship Ecuador, of 1868 tons gross, has been lost off Port Lico as the result of an explosion of her boilers. Twenty lives were lost. The steamers Corral and Porteno assisted in rescuing the survivors among the crew.

Tonight at mess Cook Terrooran gave the men another batch of those famous snails that he makes. The boys have a strong feeling for John. You have got to hand it to John, for he understands his business.

Private Newton says that he will have to stay "home" tonight because he has a couple of letters to write. That is a pretty good evening's work. Private Archie Jones was a happy man today because he worked in the kitchen and got in good with John's special cinnamon rolls. Don't blame you, Archie, we would all like to have been with you.

"Bill" Davidson and "Poncho" Colar are busy men these Sunday mornings getting after the whiskers that grow on the men's faces during the week. Some of the men grow a pretty good crop in a week.

Charles Sarns is walking up and down the street asking the fellows if he looks all right with his new shine and his clean clothes. He said he was going to church.

"Butch" Phipps was an unhappy man today, and when asked what was the matter, he said that somebody had hooked his hat.

Private Rollard put out a big washing today and was very proud of his achievement.

We are to have another inspection tomorrow. Inspections are getting to be pretty nearly as regular as the rains. They sure keep us busy shining up.

WILSON STANDS PAT ON WOMAN VOTE ISSUE

WASHINGTON, Aug. 2.—President Wilson dissipated any hope that the suffragists might have had that he might attempt to beat out Chas. E. Hughes on the suffrage question, when the White House today announced that his views are unchanged.

The President's position still is that suffrage should be developed by the states. Hope for a regular political scrap in the blue grass of Kentucky also was knocked out when the President declined to address Winchester, Ky., on September 5, when Hughes addresses a meeting at Lexington, twenty miles away.

3 DIE IN WRECK
DALLAS, Texas, Aug. 2.—Three persons were killed and twenty or thirty others were more or less seriously injured as a result of a wreck on the Missouri, Kansas & Texas Railroad when the Katy Special left the rails at Ball's Switch, two miles and a half north of Lancaster, about twelve miles from this city.

\$540,000 FOR FLOOD RELIEF
WASHINGTON, Aug. 2.—The Senate late yesterday adopted Senator Underwood's resolution to appropriate \$540,000 for relief of flood sufferers in Alabama, Florida, Georgia, Mississippi and North and South Carolina. The resolution will be urged in the House today.

RUN OVER BY AUTO, NOT BADLY INJURED

ANAHEIM, Aug. 2.—Bonita Hernandez was struck by an automobile near the sugar factory Monday evening and bruised and cut. The little girl was riding on the back of a wagon and had alighted to go to her home. A motorcycle, ridden by Earl Guyss of this city, was approaching from behind. It is thought that the little girl was watching the machine as she stepped in front of the automobile without giving the driver a chance to stop.

John Echandy, of Richfield, the driver of the automobile, was not to blame in any way as the girl gave him no chance to slow down or stop.

The car caught her and dragged her some distance before it could be stopped. She was picked up and rushed to the hospital where she was examined by a physician, and it was found that no bones were broken. Later she was taken to her home at the sugar factory.

FORMER SANTA ANAN DROWNS IN MINNESOTA

Word has been received here of the death by drowning of Leslie Day, eldest son of Mr. and Mrs. George S. Day, at Randolph, Minn. Two years ago Leslie and his parents came to Santa Ana to live. Some time ago they returned to Minnesota. Last Monday Leslie and some friends went swimming. They went in a boat, the plan being to have the boat capsized, giving those aboard a ducking. Only those known to be good swimmers were allowed to go. The program was carried out. When the boat returned to shore, Day was missed. The lake was dragged and his body was recovered late at night. The Days have many friends here who will learn with sorrow of the tragedy.

Pay Your Bills By Check

Quite often we are called upon to return to a customer some cancelled check that proved that a bill had been paid. Had that account been settled by cash and the receipt lost or mislaid there would always have been a doubt in the payee's mind, even though he didn't insist on a second settlement.

Provide against any misunderstanding by opening a bank account, and then pay your bills by check.

BOARD OF SUPERVISORS CALL FOR BIDS FOR BUILDING TWO ROADS IN THE CANYON

Board Satisfied That Old Route Will Be Choice On Kellogg's Plans

Today the Board of Supervisors decided to call for bids for the construction of two roads in the Sulphur Slide section of the Santa Ana canyon. One of these roads as proposed will be along the side of the river about where the road stood before it was washed out by the January flood. The other will be on the south side of the hill, that road going over the ridge to avoid Sulphur Slide.

Engineer H. Clay Kellogg made a proposition to the supervisors that has been accepted. He said that with a concrete bulkhead 1800 feet long absolute protection could be given to a road built where the old road stood. The cost might be greater, but he and the supervisors agreed that it was far preferable to going over the hill, where a six per cent grade and numerous sharp turns would be encountered.

Kellogg said he proposed to bid for the construction of the river road, and he declared that he would draw plans and specifications for the work, subject to the approval of the county authorities, and would not charge any commission for them if he got the contract. If some other contractor gets the work, Kellogg's commission for the plans and specifications would be two per cent of the contract price.

Kellogg further said he was willing to guarantee that the cost of the lower road would not be over one and one-third more than the upper road. If the contract price was not within that proportion he would charge nothing for his plans and specifications, even if he did not get the contract.

Today the supervisors decided to accept the offer. Kellogg's plans and specifications for the lower road and bulkhead have been accepted. In the bidding he has no more and no less an advantage than any other bidder. Bids for the upper road are to be founded upon plans and specifications in the office of the county surveyor as prepared by Deputy Surveyor Hoy.

\$504 Is Withheld
Upon a notice served by G. R. Wells \$504 was withheld from a payment due Max Huberman for paving on the Placencia-Yorba road. It is understood that Huberman contests the bill. The money will be held by the county until a stipulation is entered into or a court order is received for its disposal.

Await the Action
The demand of City Attorney J. C. Burke for Seal Beach for \$711.50 for fines collected for speeding was denied. The disposition of fines for speeding will not be made until the matter is brought into court and decided. An action seeking such a decision will be brought upon agreement of the city attorneys and the district attorney.

ASQUITH BARES ALLIES' TERMS AS TO PEACE

LONDON, Aug. 2.—England regards as an essential part of any peace conditions the restoration by Germany of Belgium and Serbia and Germany's materially and economically repairing the devastated areas of France and Russia. Premier Asquith today told Commons.

British eyes, the Premier said, had been opened to the full meaning of the German system of economical, commercial and financial penetration and it was necessary to prepare to combat this.

Premier Asquith asserted that at the Paris Economic Conference of the allies the opinion was that the blacklist should be continued during the war. "We are aware that there is some uneasiness in America," the premier said, "but this is not justified as the allies' measures are their sole defense against economic aggression. Every effort will be made to see that neutrals do not suffer."

RESENTS BEING TOLD HE MUST SIT AT SHOW WITH CHOLOS

Los Angeles Dentist Sues Lyric Theater For \$5000 For Alleged Affront

Because he was told that he would have to sit with the cholos and Mexicans, Dr. George Sepulveda of Los Angeles has brought suit for \$5000 against the Lyric Theater and its manager, It. S. Hurlburt.

Complaint founded upon an alleged insult, has been filed in the superior court here by Attorney Dick Harding. The story as told by the complaint is brief. On July 29 Dr. Sepulveda came to Santa Ana to visit his brother, Manuel Sepulveda. Dr. Sepulveda bought a ticket to the Lyric Theater, and went in and took a seat. The head usher, G. G. Brown, "in a boisterous and ungentlemanly manner, and in the presence of ladies," laid his hand on Dr. Sepulveda's shoulder, and said: "You will have to move over where the cholos and Mexicans sit." Dr. Sepulveda replied that he was an American and a voter and he would not sit with the cholos. Indignant and humiliated, Dr. Sepulveda left the theater.

Further the complaint alleges that Dr. Sepulveda is a man of education and refinement, and is a professional man, being a dentist, a graduate of an accredited school of dentistry.

COMPRESSOR BOUGHT BY CITY OF ORANGE

ORANGE, Aug. 2.—A resolution accepting the offer of the Golden State Portland Cement Company to deliver on forty days' trial an ingersoll air compressor at a price of \$1850 f. o. b. Orange was unanimously passed by the city council Monday evening. In consequence, Water Superintendent Richardson will install the new machine at the water works within the next thirty days. A concrete foundation for it is already under construction.

The trustees bought this used compressor in the open market after twice rejecting bids on new machines. The last bids rejected were on machines valued at a figure approximately \$6000 higher than the offer accepted.

In reporting to the board that he had examined this compressor and found it in excellent condition, Water Superintendent Richardson declared that he believed the machine would fill the requirements of the city during the next six years at least. Trustee Gunther, the other member of the committee appointed to investigate the machine, concurred in the view that it was in good condition. The report of the committee was a recommendation that the machine be purchased.

HARBISON HERE MAKING STRONG CAMPAIGN

Says Voters Everywhere Tell Him "This Is a Republican Year"

R. C. Harbison of San Bernardino, candidate for the Republican nomination for Congress, is actively campaigning the district. His nomination is apparently certain and his present efforts are largely based on preparation for the November election.

Mr. Harbison arrived in this city yesterday with the expectation of spending this week and possibly part of next week in meeting as many of the people of this county as he can during the time he is here.

Yesterday he was at Brea. Today he will put in at Fullerton and Anaheim, and he will be in Santa Ana probably tomorrow. He was here for a short time this morning.

"I am well pleased with the progress that my candidacy has made," said he. "Everywhere I go I find a feeling of confidence among Republicans. Voters everywhere are saying: 'This is a Republican year.'"

Mr. Harbison is editor of the San Bernardino Sun, one of the leading small-city dailies of California. As an editor on a constructive newspaper for twenty years, Mr. Harbison has become intimately acquainted with the affairs and needs of the Eleventh District.

All of the leading tariff fights in which California products have been concerned have had the aid of Mr. Harbison. He is a thorough-going protectionist, realizing the absolute necessity for tariff on many of the Eleventh District's products. The citrus fruit growing communities have taken up Mr. Harbison's candidacy with enthusiasm. With the lemon tariff shattered and the end of the war certain to send Italy's lemons into many of the present markets of the California growers, the citrus fruit people are devoting every energy to sending a protectionist to Congress to displace Congressman Kettner, who voted in favor of the present tariff bill.

Twenty years ago Mr. Harbison announced the policy of his newspaper as against the liquor traffic. In those days San Bernardino was one of the real "wet" cities of the country. To take such a stand took courage that few editors of the day cared to show. Threats by interests which favored a "wet" city failed to move Harbison. Leading "dry" advocates of San Bernardino county say Harbison has done more for the temperance cause there than any other one citizen. His fight was certainly one of heavy financial losses.

Mr. Harbison's paper has been on the side of the men and women who toil with their hands. He has consistently stood for the things that would make more easy the life of the toiler. In his newspaper plant his men work eight hours a day and for years have enjoyed a compensation arrangement that paid 100 per cent of wages to injured employees.

His candidacy has been endorsed by 90 per cent of the newspapers of the district. When the parting of the political ways came four years ago, Mr. Harbison remained a Republican and fought actively for the party. He publicly appealed, however, to the Progressives to stay and settled the row which the Republican party and took a leading part in the harmony movement that many weeks ago, and in advance of other counties, again united the Republicans and former Progressives. Progressives of San Bernardino county are urging with complete success support of that wing of the party for Harbison throughout the district.

WILL GO TO NEW MEX., HARVEST HONEY CROP

Byron, Beatty and Milton Crawford of Tustin are arranging to leave Monday of next week for New Mexico, where their father has a large apiary. The apiary is near Roswell, New Mexico, and Mr. Crawford, Sr., has been there for some time looking after his colony of honey makers. The Crawfords will return about the first of January.

INDORSEMENT IS GIVEN WILLIS H. BOOTH

Indorsement of the candidacy of Willis H. Booth for the Republican nomination for United States senator was given at the meeting of the Orange County Republican Club last night. Indorsement was given on the motion of S. M. Reinhaus.

Walter Eden, who attended the state conference at San Francisco last Saturday—the conference that was called by Francis V. Keessling, chairman of the state central committee—gave an outline of what was done and said at that meeting. He said that the leaders who attended the meeting seemed to be confident that Booth will be the nominee.

Assemblyman J. C. Burke made a few remarks upon the political situation.

Attorney William F. Menton was elected president of the club to succeed Walter Eden, who resigned after he was elected chairman of the Republican county central committee. J. S. Perry was elected secretary pro tem, to act until the return of Charles D. Swanner, who is with Company L.

As the meeting was adjourning, R. C. Harbison of San Bernardino, candidate for the Republican nomination for congressman, came into the room. He is spending the week campaigning in this county. He arrived here last night in time to shake hands with those present at the meeting, and to spend a few minutes talking over the congressional situation.

WHY ENDURE SUMMER COLDS?
It isn't necessary to have a stuffed head, running nose. To cough your head off, as it were. All you need do is to use Dr. Bell's Pine-Tar-Honey. The soothing and healing balsams open the clogged air passages and in a short time you get relief and start on the road to recovery. Your nose stops running, you cough less and you know you are getting better. Get a bottle, use as directed. Keep what is left as a cough and cold insurance.

The Call To Breakfast

Has a new appeal for those who awake to a breakfast of

New Post Toasties

These new corn flakes bear a unique deliciousness because of their self-developed flavor and improved form. The flavor is the true essence of choice, ripe Indian corn. Unlike ordinary "corn flakes," the New Post Toasties do not depend upon cream and sugar for their palatability.

Try some dry—they're good that way and the test will demonstrate their flavor. Then try some with cream or rich milk. Note that New Post Toasties are not "chaffy" in the package; and that they don't mush down when cream is added.

New Post Toasties are known by the tiny "bubbles" on each flake, produced by the quick, intense heat of the new process of making. They come in a wax-sealed package that preserves their oven crispness and delightful flavor—the most perfect corn flakes ever produced.

A "BERMUDA HIGH"

No, Percy, a Bermuda high is not a cooling drink. It may sound very much like ice tinkling in a tall glass of amber-colored liquid refreshment, with a straw in it, but it is nothing of the kind—quite the contrary, as you shall presently read.

Meanwhile, have you ever noticed that whenever the Mississippi Valley has a "spell of torrid weather" we have it a "little warm" here about the time the heat in the Middle West subsides?

Well, it is even so—and this time the weather man can say "I told you so."

In a weather prediction published in a Missouri paper of July 28 (received here today) is this statement concerning the hot spell then just starting in the Mississippi Valley:

"Although its greatest intensity has not struck the Pacific Coast, it is expected to do so within the next few days."

Well, it's here, all right—but mercifully modified by the cooling breezes from the ocean by day and from the mountains by night.

And what is it, scientifically—this "hot spell"?

Officially, if not scientifically, it is a "Bermuda high." And, translated from the cryptic language of the weather experts, that means a great area of high pressure air has been mobilizing on the weather drill grounds in the Atlantic, off Bermuda, for the last month or more, and about a week ago it let go the full power of its offensive from the seaboard to the Rocky mountains.

For weeks it stood like a solid wall against heated current, trying vainly to move out from the interior over the ocean, and then, as it swirled rapidly along it gathered heat and moisture from the tropics and swept them northward over the continent into the vacuum of so-called "low pressure areas."

ONE CENT PAPER TO GO

"The one cent newspaper will be a thing of the past within a short time," predicted Secretary Redfield during a recent interview in Washington. "Prices have increased all along the line on nearly all commodities, and within the last few months there has been a steady increase in the price of the materials entering into the making of news print paper and an increased demand for paper."

"The indications are that early this fall, when new contracts are made, publishers will be unable to get out one cent papers without a loss, and an increase in price will be imperative. "From information which has reached me I am of the opinion that advertising rates will have to be increased also, as it appears that the increased cost of paper cannot be made up alone by the increase in price of the newspaper."

"WETS" ARE "KNOCKERS"

It may not be generally known in California that the California Grape Protective Association, which is painting such woeful pictures of Portland and Seattle under Prohibition, is painting pictures quite as woeful of California's fruit-growing industry.

We had regarded California's fruit-growing as fairly prosperous, to say the least, until there came to us the pamphlet issued by the California Grape Protective Association, "How Prohibition Would Affect California."

Page 23 of the pamphlet is devoted to the "folly of planting more fruit trees."

We are told that the general impression that the fruit industry of California is making fast and tremendous strides, "is carefully fostered by promoters of land sales."

The author of the pamphlet then goes on to quote "statistics"—the California Grape Protective Association is never at a loss for "statistics"—to show that tens of thousands of acres of fruit trees have been dug out in

He Who Is Their Friend

(From the San Bernardino Index)

Recently in Los Angeles the workingman, who perhaps as much as any other, has come to know the great good which Governor Hiram W. Johnson has wrought in the state, took occasion to express his appreciation of that service which the governor has rendered him alone, through those laws which are written indelibly upon the statute books of California out of the hearts and prayers of the lowly.

That appreciation was exemplified in the concrete and unanimous indorsement of Governor Johnson's candidacy for the United States senate.

From a news item published in a Los Angeles paper The Index takes the following as evidence of the esteem in which the governor is held by those men who, until a few years ago, knew not what it was to have a friend in the state house and a watchman for the people in the executive tower:

A unanimous indorsement of Hiram W. Johnson for the United States senate was given at a rousing meeting of the local lodge of the Brotherhood of Locomotive Firemen and Enginemen held at Odd Fellows' Hall, 220 South Main street.

The vote was a rising one and was given amid an enthusiasm seldom witnessed in any meeting of the order, according to those who were in attendance. Johnson sentiment, strong from the start, reached its climax at the conclusion of an address by D. S. Valentine, chairman of the state legislative board of the order.

Logically and forcefully, Mr. Valentine pointed out that Johnson as chief executive of the state has ever stood steadfastly and valiantly by the cause of labor.

In close touch with affairs at Sacramento, when recent legislation favorable to the firemen was up for consideration, Valentine declared that he was in a position to know that Johnson had at all times been a friend of labor and urged that all members of the order lend their earnest and vigorous support to his candidacy.

Mr. Valentine's address was cheered to the echo and the vote which was taken at its conclusion was the sign for a further outbreak of enthusiasm.

California because they are unprofitable; that the total number of fruit and nut trees in California has diminished "under stress of unprofitable markets;" and that it is absolute folly to talk about planting more fruit trees in this state.

It is quite evident from the literature sent out by the California Grape Protective Association that the only prospering enterprise in the three Pacific Coast states is that of the growing of wine grapes. It is, according to this amazing association, folly to invest in any other Pacific Coast enterprise. And this despite the fact that raisin grapes in California brought more money last year than they have ever before in the history of the state, and the same is true of table grapes, while not less than 200,000,000 pounds of wine grapes, according to the latest bulletin of the State Board of Viticultural Commissioners, were left to rot on the vines.

PAID RECORD TAX

LOS ANGELES, Aug. 2.—James Hobart Moore, the millionaire who died last week at his Santa Barbara home, paid the highest income tax of anybody in California, it became known here yesterday. The revenue officials stated that California would probably lose this income tax payment, as it was probable that the millionaire's heirs would file their statements with the government in the east. Moore's fortune was estimated in excess of \$50,000,000. The local revenue officials would not make public the amount of income tax that he paid.

MINE KILLS 60

NOGALES, Ariz., Aug. 2.—A mine planted by Mexican military authorities to blow up United States troops in case of American intervention was accidentally exploded at Empalme, Sonora, Saturday. Sixty persons were killed and fourteen wounded. No Americans were among the victims. Mexican authorities at Nogales denied the existence of the mine.

CLARK AGAIN NAMED

MONTGOMERY, Mo., Aug. 2.—For the twelfth time without opposition in his own party, Speaker Champ Clark was nominated for Congress by the Democrats of this district.

Attorney Walter L. Cole, nominated by the Republicans without opposition, will be Mr. Clark's opponent at the November election.

MOOSE BACK IN FOLD

OKLAHOMA CITY, Okla., Aug. 2.—Members of the Progressive party in Oklahoma returned to the Republican fold in large numbers in yesterday's primaries, it was claimed. Interest centered in the proposed literacy test amendment to the state constitution, which unofficial returns indicated was defeated by a majority that might reach 15,000.

57 DIE IN DAY

NEW YORK, Aug. 2.—All previous mortality records in the epidemic of infantile paralysis were broken yesterday when it was reported that fifty-seven children had died during the twenty-four hour period ending at 10 a. m. The total number of cases of the disease since the epidemic began has been more than 4,000.

CUT IN

S. Wheeler will appear before City Recorder Heathman tomorrow at 2 o'clock to answer to a charge of cutting in on a motorcycle in front of A. S. Ralph. Ralph is the complainant.

For Long Beach take Crown Stages every hour.

BORN

COX—In Santa Ana, August 1, 1916, to Mr. and Mrs. J. H. Cox, a son.

DIED

STEARNS—In Santa Ana, Cal., Aug. 1, 1916, Mrs. Mary C. Stearns, at her home, 1122 West Third street, this city, aged 74 years.

The deceased leaves four children, Mrs. G. W. Wells and Dan Stearns of Santa Ana, J. C. Stearns of Watsonville, California, and W. M. Stearns, residing in Arizona.

Funeral services will be held from the residence of Mrs. Wells, No. 1118 West Third street, at 10 o'clock tomorrow morning, August 3. Rev. George C. Ritchie, pastor of the First Christian Church of Boyle Heights, Los Angeles, will conduct the services under the direction of Mills & Winkler. Interment will be in the Fairhaven Cemetery.

With Malice Toward None
By Henry James

Matching Twenties
A man recently complained to the police that he had been matching \$20 gold pieces with some strangers and that the contest had ended by the strangers walking off with the coin. No ground for complaint appears. When people match coins somebody wins, and while the matching is a foolish thing to do, the public cannot be expected to have any interest in the identity of the winner, or in knowing whether he walks away with the money or carries it in a cab.

Important Issues
There has been talk of a vote on the subject of dancing in cafes. While we're about it, let's have an expression at the foils of the public's view touching the sport shirt.

Purifying the Press
Canada is putting editors in jail for publishing objectionable matter. All right. There are editors I cheerfully would feed through the bars. But the pressmen and the printers are being sent along with the editors, which is rank discrimination. Why not soak the papermaker and the typefounder, too?

Presence of Mind
Weary of life a broker swallowed his cuff buttons. As the man recovered in due time probably some observer had had the presence of mind to administer a pair of cuffs as an antidote.

Grounds
A man who had married a cabaret singer recently procured a divorce. The reasons are not published, but perhaps she wanted to do that sort of singing in the domestic circle.

Nothing
My notion of zero in promises is one projected through the flowing whiskers of Carranza.

All Civilized
A football contest for the championship of South America ended in a riot. Must be our kind of folks down there after all.

A Mere Nothing
Mexico, if ever a government again, will face damage claims to the amount of a billion. The people to whom this is owed might as well cut the sum to 50 cents and avoid the shock of losing so much.

Congratulations
Dr. J. Grant Lyman is to be congratulated upon being in the Atlanta prison, which is said to be comfortable and highly sanitary. At the expiration of his term there another term awaits him in a reasonably nice jail in California. It is hoped that still more generous com-monealths will come forward with proffers of haven.

Meanness
Somebody posing as a fashion writer says that gilding of the finger nail is to be a feminine fad. Too bad, this readiness to start a scandal concerning women.

Milk for Babies
The fact was observed with pleasure that the Deutschland took back no milk, this indicating that the babies reported as crying for nourishment had been fed.

Of course, Germany would not have imported rubber had there existed an infantile whimper in demand of milk. Perhaps the rubber was for tips to nursing bottles, anyhow. Nobody seems to have thought of that.

Flattering Castro
The attempt to exclude Castro bestowed undeserved distinction upon him.

Still, to give the fellow a slap was strictly in consonance with the flyswatting campaign favored by the government.

Financial Joking
Not being a financier I am unable to say that capitalists will or will not lend money to Carranza.

It is plain, however, that it will be a joke on them if they do, and the Wall street crowd seldom participates in a joke unless they have arranged to let somebody else get the worst of it.

Fools
She was a girl of seventeen. The man she chose was eighty-three; And all who saw the ghastly pact exclaimed: "What fools these mortals be!"

JOHNSON'S FOES
PUSSY-FOOTERS
HE DECLARESSupport of Hughes Is Urged
By Governor In Speech
At Riverside

RIVERSIDE, Aug. 2.—Governor Johnson last night addressed an audience that braved the hottest weather of the season to see and hear the senatorial candidate, and to give him every assurance of cordial support and encouragement.

The meeting was held in the Loring Theater with Mayor Ford presiding. On the platform were grouped a company of men and women who had supported the governor and his measures for the last six years, and who will work from now until election day to elect him to the United States Senate.

The governor declared for preparedness, for an adequate tariff on citrus fruits, for universal national suffrage, and for a democracy that recognizes just folk and their human needs and aspirations.

Flays Opponents
He was vitriolic in his denunciation of the millionaire newspaper owners who have opposed him and the progressive and humanitarian measures that he has advocated and written in to the statute books of California, and referred to the charge made by the leaders of the old-line Republican conference in San Francisco Saturday.

"They characterized me as the most aggressive, the most dangerous and the most intolerant enemy of Republicanism in California," said Governor Johnson. "They didn't mean that. They meant that I was the most aggressive, most dangerous and most intolerant enemy of their kind of Republicanism, and they were dead right. I am, if you desire to use their language, the most aggressive, most dangerous and most intolerant enemy of their kind of pussy-footing, boss-controlled, corporation-ridden, special interest-serving Republicanism."

Backs Hughes' Ideals
"But the Republicanism of Charles Evans Hughes, as expressed in his message to the Progressive National committee in which he asked co-operation, and the Republicanism of Mr. Hughes in his telegram to me saying that we are striving for the same ideals, is the kind of Republicanism with which I am in hearty accord and sympathy."

The governor declared that progressive principles will prevail under whatever party guise they appear. "The age-long struggle will continue in every state in the Union until justice is done," he declared.

"It is the struggle between property and folk—just common folk—and never again can there be ownership in folk."

The warm weather of the past few days suggests porch furniture. Let us suggest that you call and see our splendid lines of porch chairs, rockers, settees, porch swings and hammocks. Horton-Spurgeon Furniture Company.

POSTOFFICE PICNIC

From Genial Postmaster to
Happy Janitor Uncle Sam's
People Make Merry

C. D. Overshiner and J. E. Alexander "chaperoned" the Santa Ana postoffice force to Balboa last evening and all enjoyed a wienie bake on the sand. Everybody met at the postoffice and at 6:15 were off in the different machines furnished by the members.

On arriving at the beach, all got busy and in a short time the wienie was roasting and the coffee boiling. L. F. Harvey was chief cook and dished 'em up red hot. W. J. Morrison, assisted by Mrs. Frank Cannon, served delicious hot coffee. Martin Warren was chief fireman.

The bill of fare consisted of wienie, huns, pickles, coffee, cookies, watermelons and peaches. Supper was served cafeteria style and the seventy members did justice to the bountiful spread.

After supper all gathered around the camp fire to listen to a short program, as follows:

Reading, Miss Cade; solo, Mrs. Chas. Johnson; duet, Mr. and Mrs. Chas. Berry; reading, Gerald Gibson; wienie walk, Mrs. Johnson and Mr. Gibson; closing with "Old Kentucky Home" and "Good Night, Ladies" by everybody. The accompanist of the evening was the roll of the ocean waves.

C. C. Langley captured first prize in the surf fishing contest, landing a fish measuring three inches in length.

Those in the company numbered C. D. Overshiner, Messrs. and Mmes. J. E. Alexander, M. W. Warren, C. F. Severance and family, L. F. Harvey and family, Sam Vogt, Frank Cannon and family, W. C. DEAF

A story of extraordinary deaf-
ness was recently related at a
meeting of a medical society in
Philadelphia. An elderly lady,
exceedingly hard of hearing, liv-
ed near the river. One afternoon
a warship fired a salute of ten
guns. The woman, alone in her
little house, waited until the
boomings ceased. Then she
smoothed her dress, brushed
back her hair, and sweetly said:
"Come in. —Everybody's Mag-
azine."

CELEBRATED OUT DOORS

Miss Margaret Bonebrake En-
joyed Natal Day With
Company of Friends

Little Miss Margaret Bonebrake,
winsome daughter of Mr. and Mrs.
C. C. Bonebrake of 417 South Sycam-
ore street, happily celebrated her
fourth birthday yesterday afternoon
at her home. As the day was unusu-
ally warm, the children passed the time
on the lawn.

Mrs. Bonebrake had arranged a jol-
ly peanut hunt and a most mysterious
and therefore highly interesting, grab
bag, and the little folks were delig-
hted with their gifts. Other childish games
were played.

A lovely cake done in pink and
white, with just four twinkling candles,
occupied a small table and attractive
individual trays were passed to the
children and they greatly appreciated
the cooling refreshments of ice cream
and cake.

Margaret was given a number of
pretty little gifts, with which to re-
member the day.

The children enjoying the birthday
party included Justina Palmer, Fran-
ces McCarter, Ellen Buck, Velda and
Vivian Fraser, Marian Parsons, Mar-
garet Turner, Mary Belle Dyer, Her-
bert and Clarence De Witt, Newell
Vandermaast, Maurice Burns, Kenneth
Prince and J. D. Parsons.

Old Friends Visit

Mr. and Mrs. J. C. Reynolds and
daughter, Miss Johnnie Reynolds, Dr.
and Mrs. J. B. Young and little daugh-
ter Ladine, all of Moody, Texas, have
been guests at the E. A. Clardy home
at 1024 West Washington avenue, Mon-
day and Tuesday. Mr. Reynolds is
president of the First National Bank
at Moody and Dr. Young is a promi-
nent physician there. They are old
friends of the Clardys. Moody being
their old home town, and the reunion
was a most delightful one.

Monday Mr. and Mrs. Chas. F.
Smith of Tustin joined the company
and Monday afternoon was spent at
Laguna.

Entertained Sister Camps

Magnolia Camp, Royal Neighbors
of America, entertained Orange and Ana-
heim camps Tuesday afternoon at a
social time. Mrs. Viola Newman of
Los Angeles, president of the district,
was present and about forty from the
visiting camps.

The hall and tables were beautif-
ully decorated with china asters and
pepper boughs, the asters being purple
and white, the society's colors. The
light refreshments of ice cream and
cake were tinted with the same loyal
colors and all expressed themselves as
being very well paid for braving the
heat to attend.

Stag Birthday Dinner

Peter and Drennan Krauchi celebrat-
ed their nineteenth and twenty-first
birthdays yesterday evening at their
home on South Main street, their
mother, Mrs. Charles Krauchi, being
the hostess.

The table was prettily decorated
with pink and white carnations and
the six young men present did full
justice to the many good things pre-
pared for the birthday dinner. A
lovely birthday cake was also provid-
ed and many good wishes for more
happy birthdays showered upon the
honored guests.

The evening was pleasantly spent
with social conversation.

JOLLY REUNION

Members Camping Party En-
tertained By Mrs. A. H.
Small At Luncheon

Some ten or twelve years ago, a
merry party of girls left this city for
Long Beach on a camping trip. Since
that time there have been many
changes in the lives of the members
of the party, but every year there has
been a reunion, to keep alive the
pleasant memories of that auspicious
trip.

Yesterday Mrs. A. H. Small was the
hostess at a delightfully informal
luncheon at her home on West Wal-
nut street, the table being centered
with spicy carnations and ferns.
Luncheon was served at 1 o'clock, and
besides the hosts, Mr. and Mrs. Small,
covers were laid for Mrs. Harry
Burgher of Los Angeles, who is spend-
ing a week at Balboa; Mrs. Gary Ball
of Heber Imperial county; Mrs. James
A. Carroll of Independence, Kan.; Mrs.
Ed. Bruns of Anaheim and Miss Leona
Freeman of Orange.

The afternoon was happily spent
with conversation and talking over
old-time pleasures.

Veteran Rebekahs Picnic

The Veteran Rebekah Association
will hold its annual picnic in Birch
Park Friday, August 4. All Veteran
Odd Fellows and their ladies are in-
vited. Coffee will be served by the
Veteran Sisters and basket lunches
will be taken by the ladies.

Two old chums and schoolmates of
Indiana passed a delightful day in
Santa Ana Monday and recounted in-
cidents of their young lives when they
were carefree and engaged in pursuit
of that knowledge necessary to equip
them for the battles of life. They
were Rev. W. C. Sherman, of Berkeley
and H. T. Trueblood of this city. They
had not met before in twenty-five
years.

Rev. Sherman is engaged in special
work for the Presbyterian church,
and had been spending a couple of
weeks at Laguna. He chanced to learn
that his old chum was located in
Santa Ana, and dropped him a note
telling him that he would call on him
if he was living here. The meeting
here Monday was the result. Rev.
Sherman left here for Flagstaff,
Ariz., where he goes on a special mis-
sion.

The chums were former residents of
Washington, Ind., where Mr. True-
blood was a prominent merchant for
many years prior to his removal to
Santa Ana a few years ago.

Young Campaigners Organize

When the bugle call sounded "as-
sembly" yesterday afternoon at beau-
tiful Armory Hall, it called together
quite a different gathering than is
wont to grace those rooms so filled
with recent pleasant memories, but
nevertheless eager to be of service
to "God and Home and Native Land."

Bright, interesting boys and girls
for miles around braved the heat and
presented themselves at the request
of the Belle Rogers Union to be or-
ganized into the "Young Campaign-
ers."

Mrs. Helen McArthur, the county
organizer, was present and in her
charming and enthusiastic way soon
had the company arranged into squads.

Each squad selected its corporal, who
assumed command. Four squads were
formed, two of girls and two of boys.
Master Lee Fisher, corporal of squad
No. 1; Miss Gladys Pinuf, corporal of
squad No. 2; Master Freddie Robin-
son, corporal of squad No. 3; Miss
Stella West, corporal of squad No. 4.

This company is the first to be or-
ganized in Orange County and will be
known as Company A, although from
the flourish of toy swords and bugles
the youngsters made it very plain that
they would rather be known as young
Company I.

Mrs. McArthur and her assistants
expect soon to have an entire regim-
ent of a thousand children organized
in the county. The slogan to be "Cal-
ifornia Must Go Dry." Their colors,
the national flag. Their pledge, "I
agree to wear the Young Campaign-
ers' badge and do all I can to help
make California Dry."

After giving their rally cry:
"Clear the track, beat the drum
Up with the flag! Down with Rum!
California Dry is our Cry!"

Rah! Rah! Rah! Hear us shout,
John Barley Corn, Gave us
Attorney S. M. Davis, the well-
known friend of the boys and girls
was introduced and gave a splendid
and helpful talk, reminding them to
keep their bodies clean from the de-
stroying influence of cigarettes and
whiskey. He called their attention to
a recently organized club aiming to
live a hundred years and the kind of
life that they would have to live if
they wished to ever be long to such a
club. Mr. Davis pointed out the many
little opportunities that come to them
every day to be helpful to each other
and opened their eyes to the service
of little children as they had never
seen it before, especially during this
Dry Campaign as "a little child shall
lead them" has often proved true.

Mrs. Julia Garrison, the president,
believes in treating children like
grown-ups and what grown-up wouldn't
have enjoyed ice cream yesterday and
no grown-up ever behaved better than
those children and they surely did ap-
preciate being marched into James'
and given a treat of ice cream, and
just before their departure they gave
an impromptu yell for James:

"James! James! James!"

He's our friend!
Rah! Rah! Rah!
James James James!

They are to meet again in two weeks
at the same time and place.

AMUSEMENTS

At Clune's

With each succeeding year the task
of handling a mob for purposes of the
picture-play seems to approach a
greater degree of efficiency. System
has begun to play a part in the con-
duct of the big producing plants, and
little time is now wasted on account
of inability speedily to care for a
small army.

The operation of a system in this re-
spect was strikingly demonstrated re-
cently at Inceville during the produc-
tion there of "The Captive God," the
"Triangle-Ince" "Aztec story" by Monte
M. Katterjohn, in which William S.
Hart is presented as star, and which
will be shown at Clune's for three
days, beginning Thursday, August 3.
This drama called for more "extras"
than has any other play to date from
the Ince corner of the Triangle. Its
scenes include those of vast marching
armies, stretching into the distance as
far as the eye can see, and in making
them for the screen it was necessary
to engage between 2500 and 3000 men
for a period of two weeks.

In order to cope with the situation,
arrangements were begun several
days before the men were scheduled
to work. On a wide and level space
near the entrance to the plant thirty
partitions were erected, and each was
numbered. Then as the men filed in
the first 100 were instructed to dress
in partition No. 1, the next hundred in
No. 2, and so on. In this way the con-
fusion of finding a place and the at-
tendant crowding and delay were elimi-
nated.

The problem of feeding the men at
one sitting was solved by serving the
luncheon buffet style. As each man
passed a given point he was present-
ed with a complete lunch, neatly wrap-
ped, and instructed to repair to an ad-
jacent grove to eat it. At the end of
a half hour a trumpet signaled the
men back to work before the camera.

At the Temple

Fairies, goblins and elfs, mermaids,
nymphs and sylphs, the companions of
the childish mind, have been drawn
upon for characters in one of the most
beautiful films ever presented in the
Bluebird Photoplay feature, "Undine,"
which will be the attraction at the
Temple Theater, tomorrow and Fri-
day. There is no doubt but what the
"old folks" will hail this revival of
their childish memories with as much
delight as the kiddies will see pictured,
and beautiful settings, the fairies
they believe in so thoroughly.

"Undine" is based on the French
classic of the same title, written by
Pierre De La Motte Fouquet, and pic-
tures the fantastic happenings at the
Court of Queen Undine, underseas, and

90 PER CENT OF CRIMINALS ARE BACHELORS. IS LIND'S WORD

Cleveland Man's Probe Reveals Peculiar Angles Of Criminology

WHAT CLEVELAND MAN HAS LEARNED ABOUT CRIMINALS

Ninety per cent of criminals are bachelors. Only half of married men who become crooks have children. Women who take up crime are single or separated from their families. Women crooks won't tell the truth. If a married man gets into trouble, he generally commits a real crime, not a misdemeanor. The way to lessen crime is to advocate early marriages.

CLEVELAND, Aug. 2.—After an investigation of 400 criminal cases, James Lind, Cleveland chief police prosecutor, has found out that nine-tenths of all crooks are unmarried. Two-thirds of the men jailed were between the ages of 21 and 30, according to his figures, available here today.

It seems that conditions in unmarried life tend to make men criminals or that persons with criminal instincts are inclined not to marry," concluded Lind after his investigation.

No Economic Blame
"In 400 cases which passed through my mind there was no definite economic condition that would result in crime."

"Only about half of the married prisoners had children and many of the married ones were separated from their families."

"As a rule women who take up

CRIME ARE ALSO SINGLE OR AT LEAST SEPARATED FROM THEIR HUSBANDS OR FAMILIES.

"This is hard to prove because women prisoners are not inclined to tell the truth. When a woman lands in jail she generally claims to be married and says if her husband hears of her predicament he will forsake her forever. She also claims to be the mother of several small children, dependent on her care—all of which, nine times out of ten, is untrue."

Commit Real Crimes
"If a married man gets into trouble he generally commits a real crime, not a misdemeanor. If a married man with children finds his way behind the bars, it is usually money troubles which have placed him there."

"But if any particular class of the human family is a menace to the rest, unmarried men are the guilty ones."

"The way to lessen crime is to advocate early marriages. What a man needs to keep him out of trouble is a good home environment."

"If mothers realized this they would cease opposing early marriages."

TRIBUTE IS PAID BY FRANCE TO FIRST VICTIM OF BIG WAR

Corporal Peugeot Slain Aug. 2, 1914, 24 Hours Before War Was Declared

BY HENRY WOOD (United Press Staff Correspondent)
PARIS, Aug. 2.—France paused today in tribute to the memory of Corporal Jules-Andre Peugeot, the first Frenchman killed in the present war. It was at Jocherey on the Upper Rhine, at 10 o'clock a. m., August 2, 1914, about twenty-four hours before the war actually was declared between Germany and France, that Peugeot was shot to death by Lieutenant Mayer, at the head of a German patrol squad.

A national subscription is today being collected under the patronage of the minister of war and the minister of public instruction for the erection of a monument to Corporal Jules-Andre Peugeot on the spot where he fell.

To Pass Down in History
It is proposed that the name and heroic acts of Peugeot pass down in history as have those of Marshal des Loris D'Arce, the first victim of the war of 1870, who was killed at Niederbronn.

Peugeot, 21, was a corporal in the sixth company of the 44th regiment of infantry. Early in August he was stationed at Jocherey, two kilometers from Delle and twelve kilometers from the German frontier.

On the morning of August 2 he had just finished placing a sentry and returned to the house of A. M. Dancourt, when the latter's little daughter came running in crying.

"The Prussians! The Prussians!" Rushing outside, Corporal Peugeot found himself facing a mounted German patrol of seven members under command of Lieutenant Mayer of the Fifth Regiment of Chasseurs stationed at Mulhouse.

Peugeot gave the order to halt, to which Mayer replied by drawing his revolver and firing three shots into the body of the corporal. The latter fell to his knees, discharging his gun before he could take aim.

By this time a few of Peugeot's men had rushed up, one of whom, named Manner, killed Lieutenant Mayer with two shots from his rifle. In the fight that followed, participated in by some French dragoons who had come up at the sound of the firing, all of the Germans were killed with the exception of one, who escaped.

Peugeot was the only French soldier killed in the fray. He has since been cited to the order of the day for his bravery.

AGED WOMAN HIT BY AUTO SUSTAINS SERIOUS INJURIES

BUENA PARK, Aug. 2.—Mrs. Huff, mother of Mrs. H. H. Haggerty on Western avenue, was the victim of a serious accident when she was struck by an automobile as she was crossing the lawn at her home. Mr. Haggerty backed his automobile out of the garage, and struck her. With difficulty she was removed to the house and a physician was immediately summoned. The extent of the injuries could not be ascertained. It is feared that she may have suffered a fractured hip bone and possibly internal injuries. Mrs. Huff is 86 years of age and this fact makes the accident the most serious one that could befall her.

Like a Boy at 50 Bubbling Over With Vitality--Taking Iron Did It

Doctor Says Nuxated Iron Is Greatest of All Strength Builders—Often Increases the Strength and Endurance of Delicate, Nervous Folks 200 Per Cent. in Two Weeks Time

NEW YORK, N. Y.—Not long ago a man came to me who was nearly half a century old and asked me to give him a physical examination for life insurance. I was astonished to find him with the blood pressure of a boy of 20 and as full of vigor, vim and vitality as a young man. In fact a young man he really was, notwithstanding his age. The secret he said was taking iron—nuxated iron had filled him with renewed life. At 50 he was in bad health, at 45 a nervous wreck and nearly all in. Now at 50 a miracle of vitality and his face beaming with the languor of youth. I have said a hundred times over, iron is the greatest of all strength builders. If people would only throw away patent medicines and nauseous concoctions and take simple nuxated iron, I am convinced that the lives of thousands of persons might be saved, who now die every day from pneumonia, grippe, consumption, kidney, liver and heart trouble, etc. The real and true secret remedy, but one which is well known to druggists and whose iron constituents are widely prescribed by the best physicians everywhere. Unlike the older inorganic iron products, it is easily assimilated, does not injure the teeth, makes them black, nor upset the stomach; on the contrary, it is a most potent remedy, in nearly all forms of indigestion, as well as for nervous, run-down conditions. It gives you confidence in Nuxated Iron that they offer to forfeit \$100.00 to any charitable institution if they cannot take any man or woman under 60 who lacks iron and increase their strength 200 per cent. or over in four weeks' time, provided they have no serious organic trouble. They also offer to refund your money if it does not at least double your strength and endurance in ten days' time. It is dispensed in this city by Bowley Drug Co. and all other druggists.

GARDEN GROVE NEWS BUDGET

GARDEN GROVE, Aug. 2.—Mr. and Mrs. Thos. Jessup and Gladys and Effie Jessup left Saturday morning for a few days' visit in San Diego.

A. L. Strickley and son Lloyd of Santa Ana, Stella Jessup and Harry Reihl returned last week from a fishing trip in Bear Valley.

Ina Woodruff of Riverside is visiting at the Waltz home for a week or two.

Miss Maud Aronhalt entertained her music pupils Wednesday afternoon with a recital and a social hour of musical games, after which refreshments of fruit sherbet and dainty cookies were served on the lawn. There were twenty-four present. Those taking part were Wilma Ward, Flotia Crane, Mary Crane, Della Hallows, Helen Wight, Laura Lehnhardt, Walter Lehnhardt, Ruth Allen, Lucile Allen, Lawrence Allen, Ralph Emerson and Thelma Emerson. All enjoyed a good time and hoped for a recurrence of the merry event soon.

Miss Winifred Adland went to Los Angeles Monday to spend the week with her sister, Mrs. Hinson. She expects to return Saturday, accompanied by her sister, Miss Lois Adland, who will spend Sunday in Garden Grove with her parents, Mr. and Mrs. W. M. Adland.

Mark Levi of Los Angeles gave a very interesting discourse Sunday morning at the Baptist church on "Prophecy." There was a large attendance.

George Steidinger passed last week in Victorville at the Applebury home, returning Monday.

Mr. and Mrs. P. M. German, Irvine German, Miss Winifred Adland and J. A. Knappe motored to Placencia last Friday evening, where they attended the farewell reception given to Mr. and Mrs. E. M. Brown of Santa Ana at the beautiful residence of Mr. George Key. Mr. Brown is the retiring secretary of Y. M. C. A. work in Orange county and with his family left this week for the East. Mr. Irvine German rendered a violin solo, accompanied by Miss Adland.

Mr. and Mrs. J. T. Russell of Van Nuys spent Saturday with Rev. and Mrs. W. W. Hull.

Mrs. Matten, who, with her husband is spending the summer in Santa Ana, was Mrs. Hull's guest Tuesday. Mr. and Mrs. Matten are Kansas friends of the Hulls.

A large part of the Methodist congregation is enjoying a vacation at Huntington Beach and attending camp meeting.

Albert E. Barnes of Los Angeles, a nephew of Mrs. Wm. Adland, arrived at the Adland home Monday evening to spend the rest of the summer until school opens.

Mrs. G. W. Highland Park is visiting her sister, Mrs. Will Schnitzer, for a few days. Mr. Monroe came down Sunday with Mrs. Monroe but returned that evening.

Mr. Art Schnitzer and Mr. Ed Schneider returned home Saturday for a delightful two week's vacation via Mr. Schnitzer's Ford. They motored to Springville, Tulare county, and leaving the machine there went on with pack horses up into the mountains. They camped just outside the Sequoia National Park, among the Redwoods and enjoyed trout at every meal. They also found a bear track in the snow but didn't run down the game. We also understand that they saw a couple of Kyacks while there. After breaking camp they motored to Fresno and returned home by the coast road, visiting all the beaches on the way and enjoying every minute of the trip.

An eight-pound girl was born to Mr. and Mrs. John Mitchell last Sunday, July 30.

Misses Laura and Flora Woodman of Los Angeles were week end guests at the Harper home.

Mr. and Mrs. W. B. Harper and children, George, Lettie and Howard, returned last Friday from a week's camping trip to Hollywood.

Mrs. T. Niles returned from Venice Monday, where she was the guest of her daughter, Mrs. Urwick, for several days.

Little Ana Page died Sunday morning of diphtheria. There is no epidemic as Dr. Violet reports that the germ was brought in from a distance.

Dr. and Mrs. C. C. Violet and son Malcolm Wharton were called to Los Angeles on business Monday.

Malcolm Wharton, assisted by his mother, Mrs. C. C. Violet, and sister, Miss Ruth Violet, was host to a number of his college friends at the Seal Beach cottage from Thursday until Sunday. Boating and swimming were

much enjoyed besides other amusements the beach affords. Three of the guests, Mr. Earl Chapman of Riverside, Dr. Radcliffe of Burbank and Mr. W. W. Wharton of Pasadena, were fellow students with Mr. Wharton at O. A. C. last year and also fraternity brothers in Alpha Tau Omega. Mr. Paul Davis of Garden Grove, who last year was a student at Ann Arbor, was another guest. Miss Flora McFadden of Santa Ana and Mrs. Westover of Yuma, Ariz., were also guests.

On Sunday Mrs. Chapman, two daughters and son Albert enjoyed a visit at the cottage.

Miss Constance German visited her friend, Miss Velma Clem, in Santa Ana Saturday.

Mrs. Knappe and baby, who have been visiting in Sibley, Iowa, for the past three months, are expected home this week.

Mrs. Charles Ludt and daughter, who have been visiting Mrs. Ludt's parents, Mr. and Mrs. Waltz, left Tuesday for Long Beach, where they will make their home. Mr. Ludt is employed in Terminal.

Mrs. Hidden returned from Pomona Saturday.

Mr. Ruel Reed is back in Garden Grove after a month of summer school work in Santa Barbara State Normal.

Mr. Wm. Morrill and small son Mark are enjoying a few days in San Diego. They made the trip by motorcycle.

Mr. M. W. Sweetser was a visitor in Garden Grove Sunday.

Eugene Holt and family, who have been visiting relatives in and around Garden Grove, began the homeward trip Tuesday.

Mr. and Mrs. Kellar Coplin and daughter motored to Seal Beach Tuesday.

**SAY WING DAM
TURNED CREEK.
ASKS DAMAGES****Rampage of San Juan Torrent
Has Aftermath In Action
For \$15,000**

Declaring that a wing dam placed in the bed of the San Juan creek near San Juan Capistrano turned the current of the creek during the flood of Jan. 26 and 27 and washed away a portion of their 50-acre walnut grove, three Santa Ana men have brought a suit for \$15,000 damages.

The plaintiffs in the action are A. J. Visel, William F. Lutz and H. D. Meyer. The defendants are the Title Insurance & Trust Company of Los Angeles and Cornelius Echenique, well known, prosperous rancher of the mission valley.

According to the complaint, filed by Attorneys Jacob A. Visel and Frank B. Belcher of Los Angeles, last fall a barrier 180 feet long was placed on the south side of the San Juan creek. This barrier consisted of twenty piles strung with barbed wire. When the heavy rains set in the creek rose and debris caught against the barrier, with the result that the torrent began eating away the north bank. It took away 2.91 acres of land belonging to the plaintiffs. It is asserted that four feet of earth was taken away, leaving worthless creek bed, where walnut trees had thrived. Damages of \$10,000 is alleged. Punitive damages of \$5,000 in addition is also asked by the plaintiffs.

Good Roads Money

Justice Cox today made his settlement with the county for fines taken in July. The justice collected \$911, of which \$850 is for fines for traffic offenses. The sum of \$850 goes into the good roads maintenance fund.

Alleges Abuse

Giving in detail numerous specific instances in which she says she was cursed by her husband, Marie L. Swopher has brought suit against Jesse F. Swopher for divorce. B. E. Tarver is her attorney. The couple married in Flat River, Mo., in 1911. Later they moved to Sherman, Cal., where Swopher was employed by the P. E. The woman declares that when she was too ill to sit up, her husband cursed her, declaring she was lazy.

For Administration

William F. Lutz has petitioned for letters of administration upon the estate of James Beckwith, who died in Los Angeles in November. The estate consists of a \$3000 note involved in a trust deed to the Orange County Trust & Savings Bank. The heirs live in the East. J. C. Burke is attorney for the plaintiff.

Given Probation

William F. Mantz is out of jail. He was sent there because he did not pay money as ordered by the court

for the care of a minor child. His excuses met with no favor. He was ordered sent to jail with instructions that he be worked. Mantz has fretted for weeks. Finally, through his mother, arrangements were agreed upon whereby he is released from jail. He has to go to work, and if he fails to make proper payments for the support of the child he will be sent back to jail.

Under Advisement

A case that involves some interesting points of law and one that has been hard fought throughout has been taken under advisement by Judge West. The case is that of H. L. Freeman against J. E. Schumacher. Freeman is suing as assignee of a claim for \$2000 alleged to have been earned by J. M. Ferguson and A. S. Megeed in arranging a real estate trade between Schumacher and John B. Dawson. Schumacher refused to carry out the trade. The suit is based upon the theory that the agents earned their commission. Attorneys Davis & Rush and John E. Cooper of Los Angeles appear for the plaintiff. The case of the defense in the hands of Attorney H. J. Forgy was ably handled.

Attorney for the defense banks upon evidence to prove that fraud was used in the trade. Schumacher testified that he was to trade his ranch at Anaheim for a rooming house in Los Angeles. It was represented that the rooming house had forty rooms and rented for \$115 a month. It had only thirty rooms and only six had water piped to them.

The woman who was renting the house testified that Ferguson made a proposal to her that she was to understand that the rent was \$175, she to pay \$100 of it and he \$75, so that the deal might be furthered.

Jury is Secured

This morning a jury was secured to try the case in which the Union National Bank of Milford, Utah, is suing Owen Smith of Orange to collect a note for \$1100. Smith admits giving the note, but alleges that the land for which it was part compensation was not what was represented. As in the Schumacher defense, fraud will be set up as reason why judgment should not be given the plaintiff. Smith alleges the salesman represented that the land would bear sixty bushels of oats to the acre, but it would not bear over ten.

Association Sues

The Santiago Orange Growers' Association of Orange today brought suit against Jacob Mueller. It is alleged that he sold 2000 boxes of oranges last fall outside the association, the by-laws of which he had signed. Under the by-laws he is sued for twenty-five cents per box. Judgment of \$500 is asked. Scarborough & Forgy are attorneys for the plaintiffs.

C. D. Caughron has recorded a mechanic's lien against W. H. Young and a lot on West Hickey street; demand, \$40.30.

On August 1—Leo L. Naney, 31, and Cora N. Huskey, 30, both of Los Angeles; Joseph R. Luxon, 32, and Florence E. Allen, 29, both of San Diego; Charles L. Schellentrager, 42, and Elsie Bergman, 32, both of Long Beach; Charles O. Dawson, 26, and Sadie Llewellyn, 27, both of Los Angeles; Martin H. Hamer, 27, and Louise Capolingo, 22, both of Los Angeles; Rudolph E. Aylport, 21, and Evelyn G. Gustafson, 22, both of Los Angeles; Carl R. Den Voe, 37, and Elizabeth Tate, 37, both of Los Angeles.

IN THE JUSTICE COURT**GIVEN AN ORDER TO
DELIVER DIAMONDS****After Trial, El Centro Civil
Engineer Pays a Fine of
\$10 For Speeding**

City Marshal Jernigan has delivered two diamond rings to Mrs. Mary E. Miller of Los Angeles. These rings were found in possession of a man named Harris who was arrested by city officers and held here for northern California officers, who wanted Harris for a felony. Mrs. Miller said that Harris stole the rings from her.

The marshal said that he would turn the rings over to Mrs. Miller upon a court order. Otherwise they would be considered Harris' property. Mrs. Miller brought an action in the justice court, proved her property, and got an order for it.

Pays \$10 Fine

A. A. Anderson, a civil engineer of El Centro, stood trial on a charge of speeding. He said he did not believe he was going as fast as the motorcops said he was. Motorcops Ballard and Davenport testified that they caught Anderson's speed with stop watches. Justice Cox found the man guilty and fined him \$10.
